Feast on Formulation Inspiration

Botanicals, extracts add dimension

Teawolf provides all-natural, premium botanicals, extracts, and distillates, including exotic signature teas, vanilla, and cocoa. The company focuses on advanced technology and new innovations to provide its food and beverage customers unique, high-quality ingredients. Teawolf recently doubled the size of its state-of-the-art manufacturing facility in New Jersey, and it plans additional expansion this year. *Teawolf, www.teawolf.com, Booth 3835*
