

**PRESS RELEASE:** April 23, 2009. Teawolf, LLC acquires Natural Products and Wolfberry Business from SpagoMed Laboratories of Richmond, BC.

Teawolf, LLC, the New Jersey-based manufacturer and distributor of tea extracts, wolfberry products, vanilla, and other natural botanical extracts and ingredients, has acquired the natural products and wolfberry business of SpagoMed Laboratories, headquartered in Richmond, BC, and is assuming control of the facility. "This key strategic acquisition demonstrates our commitment to the natural products industry, as we strive to bring innovative, healthy ingredients to our customers," Teawolf President, Greg Robertson, said. "With operations on both the East and West Coast, we are now better positioned from a logistical perspective to service all of our customers throughout North America, as well as the rest of the world." SpagoMed is a leader in herbal extracts using both proprietary technology and traditional fermentation processes, with more than 20 years of experience offering top-quality herbal extracts. Industry innovator and SpagoMed President, Armin Prahst, will join Teawolf's operations as a result of the acquisition. "This new partnership will allow SpagoMed products to grow beyond their current retail channels into food and beverage products, which Teawolf will distribute worldwide. We are very excited about this opportunity," said Armin Prahst. Terms of the deal were not disclosed.
