

HIBISCUS

TEAWOLF IS A LEADING MANUFACTURER OF EXTRACTS, DISTILLATES, & MORE...

Hibiscus, also known as Jamaica, is rapidly building high demand in the US market. Teawolf offers a range of commercially available, water soluble, premium hibiscus extracts in both liquid and powder formats. Our complete hibiscus line caters to virtually every food and beverage application in products such as energy drinks, smoothies, ice creams, sorbets, ice teas and more. The deep, rich, all natural burgundy-red color allows hibiscus to be used as a natural colorant. All of our hibiscus products are Kosher, and are available in both Organic Certified and Fair Trade Certified versions.

HIBISCUS IS AVAILABLE IN THESE DELIVERY FORMS:

Liquid Products

Manufacturers of teas, energy drinks, smoothies, enhanced still and sparkling waters, ice creams and sorbets use our liquid hibiscus in their manufacturing processes for both flavor and color applications.

HIB450 Hibiscus Extract 42 Brix
HIB235 Hibiscus Extract 42 Brix Fair Trade Organic

HIB221 Hibiscus Distillate

DRY PRODUCTS

The dry powder format is particularly popular with customers making instant drink mixes and those making pharmaceutical preparations such as gel caps, tablets or performance enhancing products for wellness applications.

HIB500 Hibiscus Powdered Extract with Maltodextrin

HIB512 Hibiscus Powdered Extract 100%
HIB517 Hibiscus Powdered Extract 100% Organic
